Group Number: 17

Full Name	Nikita Mary John
Role in group:	Methodology, Data Wrangling and Documentation
Role responsibilities:	Methodology, Data Wrangling and Documentation
Contribution to Group:	50%
Learnings from Project	Anomaly detection and fixing, Outlier detection and removal and value imputation
Learning Techniques	Hands on experience
What went well	Anomaly detection and fixing and value imputation
What went wrong?	Outlier detection and removal
Resolution to solve issues:	Spent more time and studied about IQR and regression
Overall Conclusion: **How would you do it, if asked to do it again?**
